Words to find:

- EVOLUTION
- 5G
- ROADMAP
- LTE
- ADVANCED
- NETWORK
- SPEED

- DATA
- IOT
- SECURITY

Crossword Puzzle:

Across:

1. 5G release version (3)
2. Wireless technology predecessor (4)
3. 5G network feature (5)
4. Data transfer rate unit (3)
5. Emerging technology enabled by 5G (8)

Down:

1. 5G roadmap phase (5)
2. Advanced security feature (7)
3. Network architecture (6)
4. IoT application (4)
5. 5G deployment challenge (8)

Answers:

Across:

1. NSA
2. LTE
3. SLICE
4. Gbps
5. IOT

Down:

1. DEPLOY
2. ENCRYPTION
3. CLOUD
4. SMART
5. INTEROPERABILITY

Logic Puzzle:

Five phases of the 5G roadmap - Research, Standardization, Deployment, Expansion, and Maturity - occur in a specific order. Using the following clues, determine the correct order:

Clues:

1. Research occurs before Standardization.
2. Deployment occurs after Standardization.
3. Expansion occurs after Deployment.
4. Maturity occurs last.

5. Standardization takes longer than Research.
